

DA COSTA

AN ITALIAN IN SOMERSET

PRIVATE HIRE & EVENTS

AN ITALIAN IN SOMERSET

Da Costa has been named for and inspired by Artfarm co-founder Iwan Wirth's maternal grandfather, who originated from the small mountainous village of Rivamonte Agordino in the Veneto region of Northern Italy. He emigrated to Switzerland in the early 20th century and opened a restaurant much loved for its simple, honest fare.

A century later, and some 800 miles from that first restaurant, Da Costa continues this glorious culinary adventure. Bring friends and family together for an Italian celebration in the heart of Somerset.£

Da Costa

LOCALLY SOURCED PRODUCE, IMPORTED ITALIAN INSPIRATION

Our menus are an exploration of traditional northern Italian recipes, whilst acknowledging the similarities between this mountainous region of Italy and the verdant county of Somerset. We prioritise game shot on our estate and beef and lamb reared on our farm, whilst many of the vegetables and herbs have been grown in Roundhill's walled garden.

We have a variety of set menus for larger groups, cicchetti and canapés for standing receptions and even bespoke menus including whole animals cooked over flame. All our menus change with the seasons and as a result are subject to availability. For details on our global selection of wines (focusing on Italian and British small domain producers, including wine from our own vineyards) and aperitivi and cocktails, speak to our team.

The Oudolf Field and Radic Pavilion offer an idyllic setting for your wedding ceremony or a unique space for drinks or dinner. Internationally renowned landscape designer Piet Oudolf designed the landscaping scheme for the entire site, including Oudolf Field, a large perennial meadow that offers a seamless transition between Durslade Farm and the surrounding Somerset countryside. Carefully shaped and planted, the garden echoes the tradition of classical gardens, creating a timeless landscape throughout the changing seasons. At the top of Oudolf Field sits the Radic Pavilion, designed by Chilean architect Smiljan Radic. Originally unveiled at the Serpentine Gallery in London in 2014, it was installed in Oudolf Field in March 2015.
